We're offering event-only savings on selected Murphy kits - available only in person!

**EAA AIRVENTURE  
OSHKOSH  
2025**  
Booths 631 & 632

Every July, EAA AirVenture Oshkosh turns a quiet Wisconsin airfield into aviation's biggest playground—and 2025 (July 21–27) is shaping up to be the most exciting yet. Whether you're arriving by car, airline, or your own wings, make your way to Booths 631 & 632 and discover how easy it is to bring a Murphy kitplane project to life.

### Schedule My Oshkosh Meeting

# It's Summertime—Float Your Murphy, Play with Water! ☀️

*Ready to turn lakes into runways? Ask us about Murphy Floats today!  
Make a splash this summer — equip your Murphy with floats now!  
Soar into adventure — reserve your Murphy Floats and land on water!*

Why Choose Murphy Floats?

Two Float Styles, Four Configurations

- Straight Floats (1500 & 1800): Pure-water performance, ideal for dedicated sea, lake and river operations.
- Amphibious Floats (1500 & 1800): Integrated JDM wheels, brakes and hydraulic pump let you alight on both water and land.

Builder's Kit or Ready-to-Mount

- Kit Option : Pre-punched aluminum skin, machined bulkheads, extruded spreader bars, water rudders, hardware and stainless-steel rigging—everything you need to assemble and mount your own floats.
- Assembled Option : Fully built with wheels, manual hydraulic pump & cylinders; just bolt on and go.

🏊 Happy splashing! 💧
